CONCLUSIONS OF LAW AND OPINION:

Based on the foregoing findings of fact and the evidence of record, the Board concludes that the applicants are seeking a special exception. The Board is of the opinion that the applicant has so complied, and that the parking lot meets the criteria set forth.

The Board further concludes that the special exception case be granted in harmony with the general purpose and intent of the Zoning Regulations and Maps and will not tend to affect adversely the use of neighboring property in accordance with said Zoning Regulations and Map. Accordingly, it is hereby ORDERED that this application is GRANTED subject to the following CONDITIONS:

1. Approval shall be for a period of FIVE YEARS.
2. All areas devoted to driveways, access lanes and parking areas shall be maintained with a paving of material forming an all-weather impervious surface.
